科目の概要	This course will help students build confidence with basic grammar structure to communicate verbally. Students will build a basic working vocabulary and listening ability with appropriate responses. Course activities are designed to encourage students to think critically and express ideas through speaking and speech making. Students will learn to draw conclusions and answer comprehensive questions based on the listenings both inside and outside the classroom.				
授業の目標	The objectives of this course are to enable students to acquire confidence in speaking with basic speaking skills and to acquire a broader understanding of short conversations, instructions, and listening comprehension. Students will understand and produce greetings and salutations, understand and pronounce numbers and identify and pronounce sounds in English. The purpose is to hsve students used to the incoming stream of language that they will be required to use. Moreover, students will begin to elicit responses to questions in order to help them express ideas and opinions on various topics. This course will help develop both oral and oral communicatioin skills and incorporate short speech and group presentation practice for beginning students.				
時間外学習 （予習・復習）	Students will require approximately 8-10 hours of homework set for each week for both group and individual assignments in each semester. Students will give at least 2 individual speeches each semester and at least 1 small group presentation each semester. As for outside listening and speaking, at least an additional 3 hours per week. This should in no way substitute the required 1-2 hours of homework per day that is to be assigned for NSD classes.
